COMPREHENSION

Q6: Read the passage below carefully.

Mr Wee was not very big or very handsome, but he was a nice young man and he loved teaching children.

Unfortunately, the children thought he was the most boring teacher. As soon as he began to talk, the children could not stop yawning. The pet mouse snored and even the class goldfish sank to the bottom of his bowl and fell asleep. Mr Wee could make even the most interesting things, such as dinosaurs or ghost stories boring.

As he talked and talked on, they would pass coloured pictures of dinosaurs under the tables. He did not notice his class passing the pictures. He went on and on with nobody listening to him.

Answer these questions in complete sentences.

1. Who was Mr Wee?

2. What animals were in the classroom?

3. What did the children do while Mr Wee was teaching?

4. What stories did the children enjoy?

5. What did the children think of him?
