

English Blog Work Sheet - Class – 4

Q1: Place numbers in the boxes to show the correct sequence.

Suddenly, Percy saw two bright spots of light appear in front of the car. Then they were gone.	
In a flash, he realized that they were cat's eyes. He was unable to see the rest of the cat, but its eyes had reflected the light coming from the car headlights.	
Percy Shaw was born in 1890. He was the son of a factory worker and was one of his fourteen children. When he grew up, he got the job of repairing roads.	
Percy has a great idea. He spent his next few months in the workshop and designed some round glass studs that reflected the light from a car's headlights as the car came towards them.	
One night Percy was driving home through a thick fog. It was extremely tiring and frightening trying to drive in such condition.	

Q2: Answer these questions:

- Who was Percy Shaw? _____

- What great idea do you think Percy had in his mind?

- What was Percy's job? _____

- Why was Percy feeling so tired and frightened while driving home?

- What were the bright spots of light? _____

- Write a small paragraph of not less than three sentences, where you think Percy would use the glass studs. _____

- Use the following words in your own sentences:
reflected: _____
extremely: _____
