# The City School

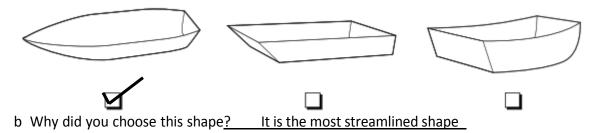

### **Science Reinforcement Worksheet**

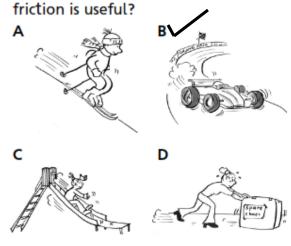

Q1. Write a sentence using these words in this order.

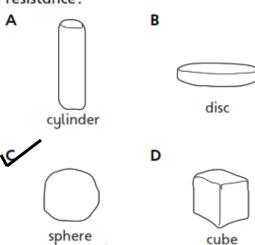

- Q3. Molly wants to make a model speed boat.
- a Which is the best shape for her boat? Tick one box.

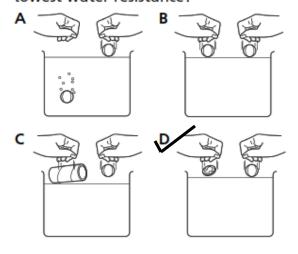

3 Which shape has the lowest water resistance?

#### Æς

- I What is water resistance?
- A A force that slows down things moving through water.
- **B** A force that speeds up things moving through water.
- C A force that makes things float.
- **D** The reason you get wet when it rains.
- Which drawing shows the best way to find out which shapes have the lowest water resistance?

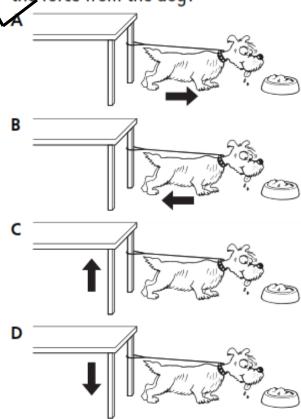

#### 4Ed

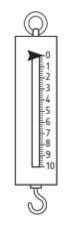

- 1 How does air resistance depend on size?
  - A It doesn't.
  - **B** The bigger the object, the smaller the air resistance.
  - C The smaller the object, the bigger the air resistance.
- The bigger the object, the bigger the air resistance.
- 2 Which of these things needs a large air resistance?
  - A an aeroplane
- **B** a parachute
  - C a bird
  - D an umbrella
- 3 Which of these things needs a small air resistance?
- A an aeroplane
  - **B** a parachute
  - C a house
  - D a sailing boat

## 4Ea

1 Which arrow shows the direction of the force from the dog?

2 What is this called?

- A spring measurer
- **B** force measurer
- **C** spring meter
- P forcemeter

- **3** What are the units for measuring forces?
  - A grams
  - **B** degrees
  - newtons
  - **D** metres

## 4Eb

- 1 What does friction do?
- It slows down moving things.
  - **B** It makes moving things speed up.
  - C It makes springs get longer.
  - **D** It makes things start to move.
- 2 Which drawing shows a way of measuring friction?
