English Comprehension Worksheet- Year 3

Q1. Read the given passage. Then answer the questions given below.

If he hadn't been strapped in, Taha would not be able to sit still. He wanted to tell everyone that he was going to be on TV. Every evening at 6:00pm he watched his favorite show "Class Acts." Players answered questions for prizes. If they missed a question they had to act out the title of a song, TV show, or book. He knew most of the answers, so he sent in a letter requesting to get on the show. Three weeks ago, his mother called him to the phone. He had been chosen to be a contestant. They even sent him two tickets so he and his mother could fly into the city.

Taha worked hard to get ready. He watched "Class Acts" every evening. His family would play against each other. Everyone made up all kinds of questions about science, music, movies, games, and books. His friends asked him questions on the playground and during breaks. Even his teacher took out time to play the game in the class. She asked questions about the subjects they were studying.

Taha could feel the plane getting ready to land. He looked out of the window and saw the Minar-e-Pakistan. He had butterflies in his stomach, but he couldn't wait for the game to begin.
